

RUSLAN ALISSOV, B.Sc. (Honours)

Associate

Phone: 1-403-444-0286

Fax: 1-403-294-5570

E-Mail: ruslan.alissov@sproule.com

Ruslan has been a Sproule professional since 2006. He has experience in Canada, Kazakhstan, Russia West Siberia, UK North Sea, Algeria, Egypt, Argentina, Ukraine, Iraq and Australia.

Diplomas and Degrees

- ❖ B.Sc. (Honours) Mechanical Engineering (2000), Kyzylorda State University, Kyzylorda, Kazakhstan

Continuing Education

- ❖ Evaluation of Canadian Oil and Gas Properties, Sproule Associates Limited, Calgary AB 2007
- ❖ Introduction and Advanced Crystal Ball, Decisioneering, Calgary AB, March 2007
- ❖ Introduction and Steps to Model New and Existing Fields, Neotechnology Consultants Ltd, Calgary AB, February 2007
- ❖ Introduction to Value Navigator, Energy Navigator Inc, Calgary AB, January 2007
- ❖ Progressive Cavity Pumping Systems: Design, Operation and Performance Optimization, C-Fer Technologies, Calgary AB, May 2006
- ❖ Introduction to Trace Inversion, PGS Reservoir Consultants, Norway, May 2004
- ❖ Basic Well Simulation, Northern Alberta Institute of Technology, Edmonton AB, August 2004
- ❖ Basic Reservoir Engineering, PetroSkills LLC, Calgary AB, October 2002
- ❖ Applied Reservoir Engineering, PetroSkills LLC, Calgary AB, November 2002
- ❖ Production Technology & Petroleum Reservoir, Southern Alberta Institute of Technology, Calgary AB, May 2001
- ❖ Process Design Using Computers, Southern Alberta Institute of Technology, Calgary AB
- ❖ AutoCAD, Southern Alberta Institute of Technology, Calgary AB
- ❖ Production Engineering, Southern Alberta Institute of Technology, Calgary AB
- ❖ Advanced Gas Process Engineering, Southern Alberta Institute of Technology, Calgary AB

Memberships

- ❖ Society of Petroleum Engineers (SPE)

Work Responsibilities

- ❖ Reserves estimations and evaluations.
- ❖ Production engineering (production forecasts, performance optimization, etc.)
- ❖ Reservoir analyses (estimation of PVT properties, deliverability analyses, material balances, analyses of well tests, etc.).
- ❖ Reserves audits.
- ❖ Economic modelling.
- ❖ Prepare oral and written reports on the results and methodology of property evaluations.

Previous Employers

- ❖ 2005 **Maersk Oil Kazakhstan GMBH**, Almaty, Kazakhstan —
Petroleum Engineer
- ❖ 2001–2005 **PetroKazakhstan Kumkol Resources JSC**, Kyzylorda, Kazakhstan —
Reservoir Engineer
- ❖ 2000-2001 **Kyzylorda State University**, Kyzylorda, Kazakhstan —
Instructor, Oil and Gas

Special Expertise

- ❖ Well test analyses and interpretation.
- ❖ Economic modelling under various foreign countries' fiscal regimes.
- ❖ Merak PEEP, F.A.S.T. – Fekete, PVTLIB, Oilwat/Gaswat – material balance.
